## About This Content

In response to many requests for more retro-pixel graphics needed by RPG game makers, Tyler Warren has completely remastered his monster collection in this the 3rd of 3 pixel-style graphic packs. This pack is a careful assortment of 93 of Tyler's battlers recreated in a pixel art style, presented in 7 different color palettes and 4 sizes, for an impressive total of 2,604 graphic image files in one pack. If you're working on your retro or pixel game these are the monsters you need.

### Features:

- \* 93 of Tyler Warren's monster battlers recreated pixel-style in 7 color palettes and 4 zoom sizes (2,604 image files)
  - \* Provided color palettes can help you select the overall look for your game
- \* Color palettes include: GameBoy (4 color), NYX8 (8 color), AAP 64 (64 color), NES (55 color), DB-ISO (22 color), Matriax (128 color)
  - \* Files are provided in 4 zoom sizes, from 1X to 4X
  - \* Files formatted for easy Plug and Play into RPG Maker MV
- \* This is pack 3 of 3, which together will recapture almost all of Tyler Warren's battlers in pixel-style

Add these to Tyler's other battlers and fill your library with hundreds of exciting characters to use in your next RPG Maker Project!
